1.0 Policy Statement

Outcomes First Group places the safety of young people as its highest priority, including safeguarding children and young people when using mobile devices and smart technology at school. The use of such devices must be managed effectively in the learning environment. Pupils will be educated to take a responsible approach in the use of technology, inside and outside of school, to help them recognise and understand the risks and build their digital awareness and resilience (Please see the Group’s *Staying Safe Online Policy*).

The purpose of this policy is to safeguard and promote the welfare of all members of the Stretton Shires School community with regard to the use of mobile devices and smart technology in the school environment and is fully endorsed by the school’s governing body.

This policy applies to pupils, visitors, all staff, including the governing body, leadership team, teachers, support staff, external contractors, volunteers, and other individuals who work for, or provide services on behalf of the school. It applies to all mobile devices and smart technology on site; including, but not limited to, mobile phones and personal devices, such as tablets, e-readers, games consoles and wearable technology, such as smart watches and fitness trackers, which facilitate communication or have the capability to record sound or images.

1.1 Policy Framework

The 2023 UNESCO report on [Global Education Monitoring Report 2023](#) found that the use of mobile devices in school can be harmful to children and young people’s mental and physical wellbeing causing distraction from learning, risks to pupil privacy and cyber-bullying. Following these findings and DfE advice, [Mobile phone use in schools](#), the use of **personal mobile devices will not be allowed** in the Group’s schools during the school day.

This policy has also been developed in line with:

DfE guidance [Keeping children safe in education \(KCSiE\) 2023](#);

[Working Together to Safeguard Children](#) (updated 2023);

[Searching, Screening and Confiscation 2022](#) (updated 2023) and

Scottish Government’s Guidance on [Developing Policies Promote Safe Responsible Use Mobile Technology in Schools](#)

The school’s local safeguarding procedures (Please see the school’s *Safeguarding Policy*).

This policy should read alongside, Outcomes First Group’s:

2.0 Safe use of mobile and smart technology expectations

- 2.1 Stretton Shires School recognises that use of mobile and smart technologies is part of everyday life for pupils, staff, and parents/carers. As part of the introduction and induction to the school the Headteacher will explain this policy to the pupil and their parents/carers, and that it has been developed in best interests of pupils to create a safe and positive learning environment.
- 2.2 All members of the school community are advised to ensure that their mobile phones and personal devices do not contain any content which may be offensive, derogatory, or illegal, or which would otherwise contravene our behaviour or safeguarding policies.
- 2.3 The sending of abusive or inappropriate messages or content via mobile phones or personal devices by any member of the school/ community is forbidden; any breaches will be dealt with in line with the school's anti-bullying, behaviour, and safeguarding policies.
- 2.4 All members of the school community are advised to use passwords/PIN numbers to ensure that unauthorised access, calls or actions cannot be made on their phones or devices.

3.0 Pupils use of mobile and smart technology

- 3.1 **Personal electronic devices, including phones, smart watches and iPads, brought onto site by pupils must be handed in at the school reception.** They will be put into a pouch or box that blocks signals. Pupils are asked to switch the device off or put it into aeroplane mode before it is placed in the pouch or box. The devices will be stored safely in a locked cupboard until the end of the school day when pupils can collect them from the school office.

The school will provide devices required for learning.

Exceptional Circumstances - If a pupil requires access to a personal device in exceptional circumstances, such as for medical assistance and monitoring, this will be discussed with the Headteacher prior to use being permitted. The Headteacher will seek advice from the Clinical Team on this matter. Any arrangements regarding access to personal devices in exceptional circumstances will be documented and recorded by the school. Specific agreements and expectations (including sanctions for misuse) will be provided in writing and agreed by the pupil and/or their parents carers before use is permitted.

Mobile Phone and Smart Technology

Post 16 and Further Education provisions have the opportunity to be more flexible with students who are over 16 years of age, who may will be able to have access to their mobile phones, for example when on off site visits and travelling. If the school intends to allow such flexibilities, they must set out their bespoke approach as an attachment to this policy and have it signed off by the Regional Director.

- 3.2 If parents or carers need to contact the pupil during school hours, they should contact the school office on 01780 411944. If a pupil needs to contact their parents or carers whilst on site, they will be allowed to use a school phone.
- 3.3 Pupils will be educated regarding the safe and appropriate use of mobile and smart technology, including mobile phones and personal devices, and will be made aware of behaviour expectations and consequences for policy breaches. Safe and appropriate use of mobile and smart technology will be taught as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources.
- 3.4 Mobile phones and personal devices must not be taken into examinations or tests. Pupils found in possession of a mobile phone or personal device which facilitates communication or internet access during an exam will be reported to the appropriate examining body. This may result in the withdrawal from either that examination or all examinations.
- 3.5 Where pupils' mobile phones or personal devices are used when learning at home, this will be in accordance with the Group's Mobile Device Policy and should be supervised by the parent or carer.
- 3.6 Any concerns regarding a pupil's use of mobile technology or policy breaches will be dealt with in accordance with our existing policies.
- 3.7 This policy applies when pupils take part in off-site activities and trips during the school day. The pupil's personal device should be kept at the school and collected at the end of the school day as usual. If a pupil may require a mobile phone for safety reasons, the school will provide a basic mobile phone for the pupil.

On occasions where a pupil is travelling directly to an external provider's site and not coming into school first, they must comply with the provider's arrangements regarding personal devices.

4.0 Searches, screening and Confiscation

- 4.1 Any screening, searching and confiscation that is required in the school will be carried out in accordance with the DFE's [Searching, Screening and Confiscation](#) guidance.
- 4.1 The school may use screening devices to check that pupils do not have devices or other prohibited items on them in line with this policy and other school and group policies. The use of any screening devices in the school must be approved by the Headteacher and the Regional Director informed that the device/s is being used in the school.
- 4.2 Only the Headteacher, or a member of staff authorised by the Headteacher, can carry out a search. The Headteacher can authorise individual members of staff to search for specific items. The Designated Safeguarding Lead (or deputy) should be informed of any searching incidents, and they should consider the circumstances of the pupil who has been searched to assess the incident against wider safeguarding concerns.

If staff find any images data or files on an electronic device that they reasonably suspect are likely to put a person at risk, they must consider the appropriate safeguarding response:

- **If there is suspicion that material on a pupil's personal device or mobile phone may be illegal, or may provide evidence relating to a criminal offence, the device will be handed over to the police for further investigation.** The Group Head of Safeguarding/Safeguarding Adviser must be informed immediately safeguarding@ofgl.co.uk
- If the data or files **are not** suspected to be evidence in relation to an offence, and the continued existence of the data or file is likely to continue to cause harm to any person, and the pupil and/or the parent refuses to delete the data or files themselves, a member of staff may delete the data or files. The member of staff must inform the DSL and record the incident on the pupil's record.

4.4 Staff may confiscate a pupil's mobile phone or device if it is being used to contravene any of the School or Group policies.

4.5 Where there is a concern that a child is at risk of harm, the School will respond in line with the School's Safeguarding Policy. If a child or young person is at risk of immediate harm, staff must inform the police straight away.
